

Refund & Cancellation Policy for NurseNow

This Refund & Cancellation Policy governs the use of services provided through NurseNow (“NurseNow”, “we”, “our”, or “us”). By booking any healthcare service through the NurseNow mobile application or website, the user (“Patient”, “Client”, or “you”) agrees to the terms mentioned below.

1. Nature of Services

NurseNow provides on-demand home healthcare services through qualified nursing professionals and healthcare staff, including but not limited to IV/IM Injections, IV Cannulation, Catheterization, Wound Dressing, Suture Removal, Vital Monitoring, Elderly Care Assistance, and Home Nursing Services. All services are subject to availability, medical suitability, and operational limitations.

2. Booking Confirmation

A booking is considered confirmed only after successful payment (if prepaid) and assignment of a nurse or healthcare professional. NurseNow reserves the right to decline or cancel any booking due to staff unavailability, safety concerns, incorrect information, medical unsuitability, emergencies, or force majeure events.

3. Cancellation by Patient

If cancellation occurs before nurse assignment, 100% refund shall be provided. If cancelled after assignment but before departure, platform or processing fees may be deducted. If the healthcare professional has started travel, travel and convenience charges may be deducted. No refund shall apply if the nurse has already arrived and the patient refuses service or is unavailable.

4. Refund Eligibility

Refunds may be approved in cases of duplicate payment, payment deducted without booking confirmation, failure to provide service by NurseNow, unreasonable delays without explanation, or operational failure attributable to NurseNow.

5. Non-Refundable Situations

Refunds shall not be provided in cases including change of mind after booking, incorrect information by patient, unsafe environment, abusive behavior toward staff, patient unavailability, or usage/opening of medical consumables.

6. Emergency & Medical Limitation Clause

NurseNow is a home healthcare facilitation platform and does not guarantee emergency medical response equivalent to hospitals or ambulance services. Refunds cannot be claimed for treatment outcomes, recovery speed, medical complications, or delays caused by traffic, weather, or emergencies.

7. Failed or Interrupted Services

If services are interrupted due to power outage, emergencies, unsafe environment, equipment failure, or patient non-cooperation, NurseNow may reschedule the service or issue partial refunds depending upon the stage of completion.

8. Refund Processing Timeline

Approved refunds shall generally be processed within:

- UPI Refunds: 3–7 business days
- Debit/Credit Cards: 5–10 business days
- Wallet/Bank Transfers: 5–10 business days

9. Subscription or Package Services

Unused sessions in prepaid packages may be refundable only if specifically stated. Completed sessions are non-refundable. Promotional or discounted packages may carry additional restrictions.

10. Fraudulent Activity

NurseNow reserves the right to withhold refunds, suspend accounts, and initiate legal action in cases of fraudulent activity, fake bookings, payment fraud, or misuse of refund requests.

11. Dispute Resolution

Any disputes relating to refunds or cancellations shall first be addressed through NurseNow customer support. Unresolved disputes shall be subject to the jurisdiction of competent courts in India under applicable Indian laws.

12. Modification of Policy

NurseNow reserves the right to modify or update this Refund & Cancellation Policy at any time without prior notice. Updated policies become effective upon publication on the app or website.
